<sup>1</sup>Includes amounts not shown separately.

Note: See Appendix B of "Public Education Finances" (<http://www.census.gov/govs/www/school05.html>) for a description of state-specific reporting anomalies. Revenue from and payments to other school systems are excluded to avoid double counting. Expenditure for adult education, community services, and other nonelementary-secondary programs are also excluded. Some data appear under local sources for Hawaii's state-operated school system for consistency with data presented for all other school systems.
