For an overview of the Small Area Income and Poverty Estimates (SAIPE), including estimation strategy and cautions about comparisons of estimates, see

<http://www.census.gov/hhes/www/saipe/about/index.html>

<http://www.census.gov/hhes/www/saipe/methods/index.html>

Comparisons between 2008-2005 SAIPE estimates (based on ACS data) and SAIPE estimates for previous years (based on CPS ASEC data) are not advised because there is a break in the time-series due to the switch from CPS ASEC to ACS data.

For an overview of the Small Area Income and Poverty Estimates (SAIPE), including estimation strategy and cautions about comparisons of estimates, see

<http://www.census.gov/hhes/www/saipe/about/index.html>

<http://www.census.gov/hhes/www/saipe/methods/index.html>

Comparisons between 2008-2005 SAIPE estimates (based on ACS data) and SAIPE estimates for previous years (based on CPS ASEC data) are not advised because there is a break in the time-series due to the switch from CPS ASEC to ACS data.

For an overview of the Small Area Income and Poverty Estimates (SAIPE), including estimation strategy and cautions about comparisons of estimates, see

<http://www.census.gov/hhes/www/saipe/about/index.html>

Comparisons between 2007, 2006, & 2005 SAIPE estimates (based on ACS data) and SAIPE estimates for previous years (based on CPS ASEC data) are not advised because there is a break in the time-series due to the switch from CPS ASEC to ACS data.

For an overview of the Small Area Income and Poverty Estimates (SAIPE), including estimation strategy and cautions about comparisons of estimates, see

<http://www.census.gov/hhes/www/saipe/about/index.html>

Comparisons between 2007, 2006, & 2005 SAIPE estimates (based on ACS data) and SAIPE estimates for CPS ASEC data) are not advised because there is a break in the time-series due to the switch from CPS A

For an overview of the Small Area Income and Poverty Estimates (SAIPE), including estimation strategy and cautions about comparisons of estimates, see

<http://www.census.gov/hhes/www/saipe/overview.html>

Comparisons between 2005 SAIPE estimates (based on ACS data) and SAIPE estimates for previous years (based on CPS ASEC data) are not advised because there is a break in the time-series due to the switch from CPS ASEC to ACS data. In future years, comparisons at the state-level estimates will be possible.
